

GROSSE KLAPPE

European filmprize for political documentaries for children and adolescents

Endowed by the Federal Agency for Civic Education

SOLO ANDATA, IL VIAGGIO DI UN TUAREG / ONE WAY, A TUAREG JOURNEY

by Fabio Caramaschi

The jury's reasoning

The European film prize GROSSE KLAPPE goes to a film that convinced all of us. The film captivates its audience with its outstanding filmic adaptation. Documentary it reports of major social topics using the example of one family history. The director picks up current developments e.g. migration, immigration, changing of traditions, and conveys them emotionally and colourful to children and adolescents.

We are awarding a film, which sensitises the audience to think about the question of homeland and family.

The jury would like to explicitly recommend this film for political educational work as it moves the audience emotionally and encourages political debates.
